Rule of Law Committee

Updated: December 2025, Next Update: December 2026

Summary

Rule of Law Committee is a conservative 501c4 organization originally built entirely through direct mail, founded in 2001, and continues conservative advocacy today. Founding activists participated in campaigns including: Grow the Economy by repealing or significantly reducing the corporate Income Tax, America Betrayed, which reveals government cover ups; Liberty Restoration, dedicated to repeal of the 16th Amendment and abolishing the Income Tax; Renew Liberty - Passage of the Citizen Soldier Protection Act, which would ensure that no American would ever again be required to serve in the armed forces of the United Nations or under any foreign power; an EPA Police package, geared to thwart EPA abuse of power; American Border Security packages against amnesty for illegal aliens and sealing our Southern border, and stopping bailouts and repeal the corporate income tax to quickly get the economy moving. Other campaigns include defending the display of the Ten Commandments in the Public Square. Today Rule of Law Committee continues conservative campaigns in defense of the U.S. Constitution, Bill of Rights, and Declaration of Independence.
