## Republicans for American Sovereignty

*Updated: July 2024, Next Update: July 2025*

**Summary:** These patriots are dedicated to enforcing our borders, including building a wall along our southern border. They support the Trump program of “extreme vetting.” They oppose world government and would like to see the United States withdraw from the United Nations. Short of that, they support withdrawing U.S. funding. Hardcore rightwing conservatives to the bone, these Republican donors would like to see spending on the United States military restored to Reagan era levels.
