## Reagan Conservative Pac

*Updated: December 2025, Next Update: December 2026*

### Summary:

These patriotic donors believe that, together, we can make our voices heard. They helped win back Washington and our state capitals. They fight to elect Reagan conservatives. They have given their money to target the most important issues and the most winnable districts and states. They mobilized to gain back the White House, and keep conservative Republican control of the House and Senate in the 2024 elections. These hardcore conservatives helped make huge progress in 2016 and 2020. They believe our country is at a crossroads - and if we are to turn America around, we must complete the job - and they put their money where their mouth is. These high dollar donors are dedicated to passage of the Trump agenda. They are dedicated to repealing Obama and Biden policies, and Making America Great Again.
