## Christian Legislative Center

*Updated: December 2025, Next Update: December 2026*

### Summary

Christian Legislative Center is a hub for political donors who are committed to socially conservative values, including school prayer, sex education, pro-life, pro-Israel, and related religious right campaigns. These donors are enthusiastic for Trump's commitment and publicly involving Christian faith and prayer in the conservative movement. Christian Legislative Center includes Catholics and Evangelicals who aggressively support President Trump and compatible congressional campaigns which are in a spiritual war over America's soul. They see a war on religion through political attacks against Christians including by the Atheist community, and fight back against removals of Crosses and the Ten Commandments at Memorials and similar public sites. They also champion human rights around the world, where Christians are oppressed, tortured, and mass murdered for their faith overseas.
